

## Securely Access Your Desktop, Applications & Data From All Your Devices...

**My Secure Office** is our Desktop as a Service solution that acts identically to the desktop you use today. **The difference?** Your workspace stays in the cloud. Securely access it from any connected device to work with your files and applications... from the road, at home or when meeting with a client.

### Quick & Easy Access from Anywhere

- Access your desktop, files and applications from all your devices. Our responsive WVD solution connects you very quickly and securely to your workspace
- Consistent user experience across your PC, laptop, tablet and smartphone

### Simplifies IT Management

- Includes all OS, desktop and application support and updates
- Includes all IT infrastructure, storage and data backup
- Supports *Bring Your Own Device*
- Allows for simplified management of your IT network — end users, servers and applications support via AMS Technology's Managed Service Remote Support

### Enhances Data Security & Business Continuity

- Your applications, files and desktops reside in our secure cloud environment: Azure data centers are SSAE-16 Type II, TIA 942 Class 4, PCI DSS, HIPAA and Sarbanes-Oxley certified
- Supports company disaster recovery plans by keeping all data secure and readily available

### My Secure Office WVD Solution

**Increased Productivity** | We take your desktop and put it in a secure cloud environment so you can access all your programs from any device at anytime

**Fully Scalable** | An up-to-date Windows Virtual Desktop, that expands and contracts with your business needs

**Advanced Threat Protection** | Virus and malware protection, O365 Email, redundant data protection, monitoring, patch management, and help desk support

**Save Money** | Provide a high performance desktop without all the hardware, software, and labor costs to maintain and upgrade.

**Predictable & Affordable** | For a low monthly fee we provide everything you need - high performance desktop, O365, support, data protection, VCIO and much more.
